Introduction

NN Group N.V. (NN Group) reports on its application of the Dutch Corporate Governance Code (the Code) in its booklet over the financial year 2022.

As a Dutch listed company NN Group must adhere to the Code. NN Group endorses the Code and strongly supports its principles for sound and responsible corporate governance. NN Group considers the principles and best practices of the Code a useful and efficient guide that contributes to NN Group's effort to carefully take into account the interests of its stakeholders. The Code also supports transparency in decision-making and helps strengthen the principles of good governance.

It should be noted in this respect that NN Group has an executive board (the Executive Board) and a management board (the Management Board). The Executive Board is the board as defined in the law and is entrusted with the management, the strategy and the operations of NN Group under the supervision of the supervisory board of NN Group (the Supervisory Board). The Executive Board may perform all acts necessary or useful for achieving NN Group's corporate purpose, except for those expressly attributed to the general meeting of NN Group (the General Meeting) or the Supervisory Board as a matter of Dutch law or pursuant to the articles of association of NN Group. The Management Board is entrusted with the day-to-day management of NN Group and the overall strategic direction of NN Group. Any reference in the Code to the 'management board' should be interpreted as a reference to the Executive Board.

It is the responsibility of both the Executive Board and the Supervisory Board to monitor NN Group's overall corporate governance structure. Any substantial change to this structure shall be submitted to the General Meeting for discussion. NN Group complies with the principles and the best practice provisions of the Code and, if applicable, explains why and to what extent it deviates from them. In this booklet NN Group clarifies where appropriate how the principles and best practice provisions are implemented in NN Group's corporate governance.

On NN Group's website (www.nn-group.com) more information can be found on NN Group's corporate governance.

The management board should use the response time for further deliberation and constructive consultation, in any event with the relevant shareholder(s), and should explore the alternatives. At the end of the response time, the management board should report on this consultation and the exploration to the general meeting. This should be monitored by the supervisory board. The response time may be stipulated only once for any given general meeting and should not apply to an item in respect of which the response time had been previously stipulated, or to meetings where a shareholder holds at least three-quarters of the issued capital as a consequence of a successful public bid.	NN Group shall apply this best practice provision.

Participation of as many shareholders as possible in the general meeting's decision-making is in the interest of the company's checks and balances. The company should, in so far as possible, give shareholders the opportunity to vote by proxy and to communicate with all other shareholders.

NN Group applies this principle.

Best practice provisions

4.3.2

Providing voting proxies or voting instructions

The company should give shareholders and other persons entitled to vote the possibility of issuing voting proxies or voting instructions, respectively, to an independent third party prior to the general meeting.

NN Group applies this best practice provision.

4.3.3

Cancelling the binding nature of a nomination or dismissal

The general meeting of shareholders of a company not applying the large company regime (*structuurregime*) may pass a resolution to cancel the binding nature of a nomination for the appointment of a member of the management board or of the supervisory board and/or a resolution to dismiss a member of the management board or of the supervisory board by an absolute majority of the votes cast. It may be provided that this majority should represent a given proportion of the issued capital, which proportion may not exceed one-third. If this proportion of the capital is not represented at the meeting, but an absolute majority of the votes cast is in favour of a resolution to cancel the binding nature of a nomination, or to dismiss a board member, a new meeting may be convened at which the resolution may be passed by an absolute majority of the votes cast, regardless of the proportion of the capital represented at the meeting.

This best practice provision is not relevant for NN Group as NN Group applies the full large company regime (*volledig structuurregime*).

4.3.4

Voting right on financing preference shares

The voting right attaching to financing preference shares should be based on the fair value of the capital contribution.

This best practice provision is not relevant for NN Group as NN Group does not have any financing preference shares outstanding.

4.3.5 Publication of institutional investors' voting policy

Institutional investors (pension funds, insurers, investment institutions and asset managers) should post annually, in any event on their website, their policy on the exercise of the voting rights for shares they hold in listed companies.

NN Group assumes and expects that the relevant institutional investors will comply with this best practice provision.

4.3.6 Report on the implementation of institutional investors' voting policy

Institutional investors should report annually, on their website and/or in their management report, on how they implemented their policy on the exercise of the voting rights in the relevant financial year. In addition, they should report on their website at least once per quarter on whether and, if so, how they have voted as shareholders at general meetings. This report will be posted on the website of the institutional investor.

NN Group assumes and expects that the relevant institutional investors will comply with this best practice provision.

4.4 Issuing depositary receipts for shares

Depositary receipts for shares can be a means of preventing a majority (including a chance majority) of shareholders from controlling the decision-making process as a result of absenteeism at a general meeting.

Depositary receipts for shares should not be issued as an anti-takeover protective measure. The board of the trust office should issue voting proxies under all circumstances and without limitations to all depositary receipt holders who request this. The holders of depositary receipts so authorised can exercise the voting right at their discretion. The board of the trust office should have the confidence of the holders of depositary receipts. Depositary receipt holders should have the possibility of recommending candidates for the board of the trust office. The company should not disclose to the trust office information which has not been made public.

This principle is not relevant for NN Group as NN Group has not issued any depositary receipts.

Best practice provisions

4.4.1 Trust office board

The board of the trust office should have the confidence of the holders of depositary receipts and operate independently of the company that has issued the depositary receipts. This best practice provision is not relevant for NN Group as NN Group has not issued any depositary receipts.

4.4.2 Appointment of board members

The board members of the trust office should be appointed by the board of the trust office, after the job opening has been announced on the website of the trust office. The meeting of holders of depositary receipts may make recommendations to the board of the trust office for the appointment of persons to the position of board member. No management board members or former management board members, supervisory board members or former supervisory board members, employees or permanent advisers of the company should be a member of the board of the trust office.

This best practice provision is not relevant for NN Group as NN Group has not issued any depositary receipts.

4.4.3 Board appointment period

A person may be appointed to the board of the trust office for a maximum of two four-year terms, followed by a maximum of two two-year terms. In the event of a reappointment after an eight-year period, reasons should be given in the report of the board of the trust office.
