

## Delta Lloyd included in DJSI

Delta Lloyd has been included in the Dow Jones Sustainability Index (DJSI) World and in the DJSI Europe. This was announced by S&P Dow Jones Indices and RobecoSAM on Thursday 11 September.

“The inclusion of Delta Lloyd in the DJSI is an important acknowledgement of our efforts to combine sustainable business practices with commercial success. This is a very gratifying result of which we can be justly proud,” said Delta Lloyd CEO Niek Hoek. “We give effect to our sustainability ambitions by focusing on five strategic priorities: customer centricity, integrity, community involvement, good employment practices and the environment.”

Delta Lloyd started a group-wide Sustainable Impact programme in 2014. The programme will result in a more coherent and structural approach to sustainability in 2014 and further, covering our branding, organisation and investment policy. The programme will lead in the coming years to a strong sustainable Delta Lloyd.

### DJSI

The Dow Jones Sustainability Index was launched in 1999 and monitors businesses worldwide that have made sustainability a spearhead of their policies. This prestigious index represents the top 10% of the 2,500 largest companies in each sector of the Dow Jones Global Index. The annual ranking is preceded by a detailed in-depth analysis based on the company's economic, social and ecological performance. Relevant indicators include risk management, corporate governance, branding, measures to minimise greenhouse gases, service provision and HR policy.
