

EGM adopts rights issue

Today, the Extraordinary General Meeting of Shareholders (EGM) of Delta Lloyd N.V. ('Delta Lloyd') approved the underwritten rights issue of € 650 million. At the EGM, a quorum of 48.03% of the shareholders was represented. Of votes cast, more than 77.5% were in favour of the rights issue resolution put forward. In combination with identified management actions and capital measures, Delta Lloyd believes that the rights issue will position its Group Solvency II standard formula ratio within its target range of 140-180%, reduce leverage and lead to an improved net cash and capital position in the Group holding company.

Hans van der Noordaa, Chairman of the Executive Board: "Today we have taken an important next step in ensuring Delta Lloyd is appropriately capitalised under Solvency II. Once the rights issue and the management actions are completed, we expect to reach a solvency position that will support our business model under Solvency II. The underlying business of Delta Lloyd is strong and we will continue to unlock its value for our shareholders."

The EGM was also given notice of the formal appointment of Mr Clifford Abrahams as Chief Financial Officer with effect from today, as well as a change in the dividend policy.
